Rutgers University researchers want to talk to Ocean County residents about their experience and concerns with transportation in our area, such as traffic congestion, transit service, or safer crosswalks.

As part of a study, Rutgers is hosting a focus group to hear your opinions. We need your help to understand what issues are most important to you and how transportation agencies can communicate with the public about important decision that can affect your community.

Want to Participate? Contact the research team at vtc@ejb.rutgers.edu or call 848-932-2367 and leave your name and phone number. A researcher will call you back and see if you are a good fit for the focus group. You must receive a confirmation call in order to participate.
