

# Target Zero Commission: Working Group Meeting

July 16, 2025

# Draft Actions

List as of July 16, 2025

# Please Note

This handout contains draft lists of action items for the New Jersey Target Zero Comprehensive Safety Action Plan. The below is up to date as of Tuesday, June 17, 2025.

The purpose of this handout is to allow working group members a reference sheet of all the actions under development. The actions outlined here were informed by submissions to the [Target Zero Input Form](#), feedback from breakout discussions at previous meetings, and comments submitted via email to the Commission or Working Group. Crucially, this list is not final and is not intended to reflect the final contents of the Action Plan.

Not all actions listed will necessarily be included in the final action plan. Final prioritization and inclusion of actions will be at the discretion of the agency members of the New Jersey Target Zero Commission.
